Many things go to prove that it is. The way thousands are trying to help others is proof. Among them is Mrs. W. W. Gould, of Pittsfield, N. H. Finding good health by taking Electric Bitters, she now advises other sufferers, everywhere, to take them. "For years I suffered with stomach and kidney trouble," she writes. HIGH SCHOOL COURSE

Five High Class Entertainments Offered the Public.

The following are the five entertainments which the High School has selected for this season course: Alpine Troubadors, Bible the Humorous Lecturer, The Carolinian Jubilee Singer, Byron W. King.

Columbian Quartette Concert Co. The canvassing committee have a list of three hundred and fifty names of citizens of Perrysburg. They reported this Tuesday morning that about fifty had agreed to take course tickets. This course of entertainments is for the public and if the public do not buy enough season tickets to ensure no loss to the High School the course will be given up. It will take two hundred course tickets to pay for this season's entertainment and if the two hundred are not taken by the close of this week there will be no entertainment this year.

The character of the five entertainments is strictly high class. There is not a poor number in the five. Any two of the entertainments is worth all that is asked for the entire course of five.

Does Perrysburg want this course? Their answer will be given by the number of season tickets taken this week. Shall the contract for these splendid entertainments be cancelled?

The meeting will begin on time in order that the members may attend the church social which will be held at the home of Mrs. Bates on the same evening. Every member is urged to be present—especially the officers and committee chairmen.

DR. WELLSTEAD MARRIES.

From a copy of the Pocahontas, Iowa, Democrat, the Journal is informed of the marriage of Dr. L. R. Wellstead, formerly of Perrysburg, but now of Covelo, California, with Miss Jessie Brinkman, at the home of the bride's parents near Pocahontas, Iowa, on Saturday forenoon, September 23.

The marriage was the culmination of a romance which had its birth at Ann Arbor, Michigan during the student days of the young couple.

The Democrat speaks in the highest terms of the accomplishment of the bride and of her popularity among her acquaintances.

Dr. Wellstead is now located at Covelo, California, where he is government physician for the Indian reservation which appointment he received about six months since, and for which place they immediately started after the wedding.

Many friends here will extend congratulations to the doctor and his bride.

AN EASY VICTORY.

Joe Myer's bunch of Lincolns were easy victims to the speed and strength of the Perrysburg boys Sunday, and as a result the local team counted three touchdowns and one safety making a score of 17 to 0.

With such speed as the boys showed Sunday they should not be afraid to challenge and play any amateur team in Northwestern Ohio. While the Lincolns are not a fast bunch, they played just enough football to give the fans a line on the team, and the tip received was a good one. The team is not heavy, the heaviest only weighing 185 and the lightest 125, or they will average 150. Their strength lies in the speed of the back field and the ability to hold a line of the men on the front line.

On next Sunday the team travels to Napoleon. It is expected a large crowd of rooters will accompany them to that place, and by their presence, cheer them on to victory.

MUNGER WILL REBUILD

Cold Storage Plant to be Made Strictly Fire Proof.

Work has been commenced on the new abattoir which will take the place of the one recently destroyed by fire and the new construction will be as nearly fireproof as cement and brick will make it.

In many respects the new buildings will be much the same size as the one recently destroyed, although the hide and tallow storage rooms will be much larger.

Irvine Curtis has the contract for the new plant and work is being pushed as rapidly as possible in order to get the buildings enclosed before cold weather arrives.

Mr. Munger is to be commended for his enterprise.

NATIONAL WATERWAYS

Commission Will View Toledo-Chicago Canal Route.

The National Waterways Commission will hold a meeting in Toledo, Wednesday, November 1, and the members of the commission will go from Toledo to Defiance, meeting there November 2.

The object of the visit will be to investigate that portion of the proposed Toledo-Chicago canal extending from Toledo to Fort Wayne, which would involve the deepening of the Maumee river. It is expected the trip from Toledo to Grand Rapids, Ohio, will be made in automobiles and from Grand Rapids to Defiance in a small boat.

Among the members of the commission who are expected to be here are: Senators Theodore E. Burton, chairman, Cleveland; J. H. Gallinger, vice chairman, New Hampshire; William Alden Smith, Michigan; William Lorimer, Illinois; Congressman Stephen M. Sparman, present chairman of the rivers and harbors committee of the lower house of congress, Florida; D. S. Alexander, New York, two government engineers and two secretaries.

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold as that preparation has won its great reputation and extensive sale by its remarkable cures of colds, and can always be depended upon. It is equally valuable for adults and children and may be given to young children with implicit confidence as it contains no harmful drugs. Sold by all dealers.

FIVE CANDIDATES.

Wood county has five candidates for delegates to the constitutional convention—four Democrats and one lonely Republican. The five candidates are J. C. Soletcher of Jerry City, the only Republican, and R. A. Beatty, Bowling Green; H. S. Cordrey, Prairie Depot; J. W. Stiger, Bradner, and G. C. Sheffer, Rising Sun; the last four mentioned being Democrats.

The 88 counties of the State have about 500 candidates out of which 119 delegates are to be selected.

The Republicans of Wood county show very little ambition in this important matter—having but one candidate in the field.

CURRENT EVENTS.

The trial of John J. McNamara, secretary of the Bridge and Structural Iron Workers of America, and his brother James B., with the murder of 21 persons who lost their lives when the Los Angeles Times building was destroyed by an explosion one year ago, opened Wednesday in Los Angeles in a special courtroom in the hall of justice before Superior Judge Walter Bordwell.

It is alleged that John J. McNamara paid his brother and others to blow up the Times building.

As the result of a raid on Tuesday by revenue officers and deputy United States marshals, six men are now in the county jail charged with manufacturing and selling colored oleomargarine without paying the government tax of 10 cents a pound in the city of Toledo.

Report of the Budget Committee of Wood county has completed its work which shows that in many towns the utmost economy must be exercised. The following figures show the tax levied in 1910, the amount asked for 1911, and the amount actually levied for 1911 in Perrysburg:

	Levied 1910	Requested 1911	Levied 1911
